

REMOTE STEM LABS

Project Number: 2022-1-CY01-
KA210-SCH-000081449

ReSTELA
STEM Labs Unlimited!

Project

ReSTELA is an Erasmus+ funded project whose goal is to allow remote access to multiple STEM labs to both teachers and students, especially those in remote areas or those that do not have or have limited access to various labs and equipment. Partners from Cyprus, Italy, and Estonia will develop an online platform, develop a toolkit on its use, host training sessions for teachers and perform pilot sessions for students.
